Participation of the Czech Republic in the FP6

- 6224 CZ teams participated in preparation of 4766 project proposals...
- 1068 participations in 876 projects,
- Total budget of Czech participants („Czech investment into FP6 participation“) amounts to M€ 192,2
- The participants require support from the EC at the M€ 131
- average CZ participant budget : 183 000 €,
- average requested contribution: 123 000 €

Dynamics of the FP summary budget of CZ teams and requested EC contribution compared with the budget of the Czech Science Foundation

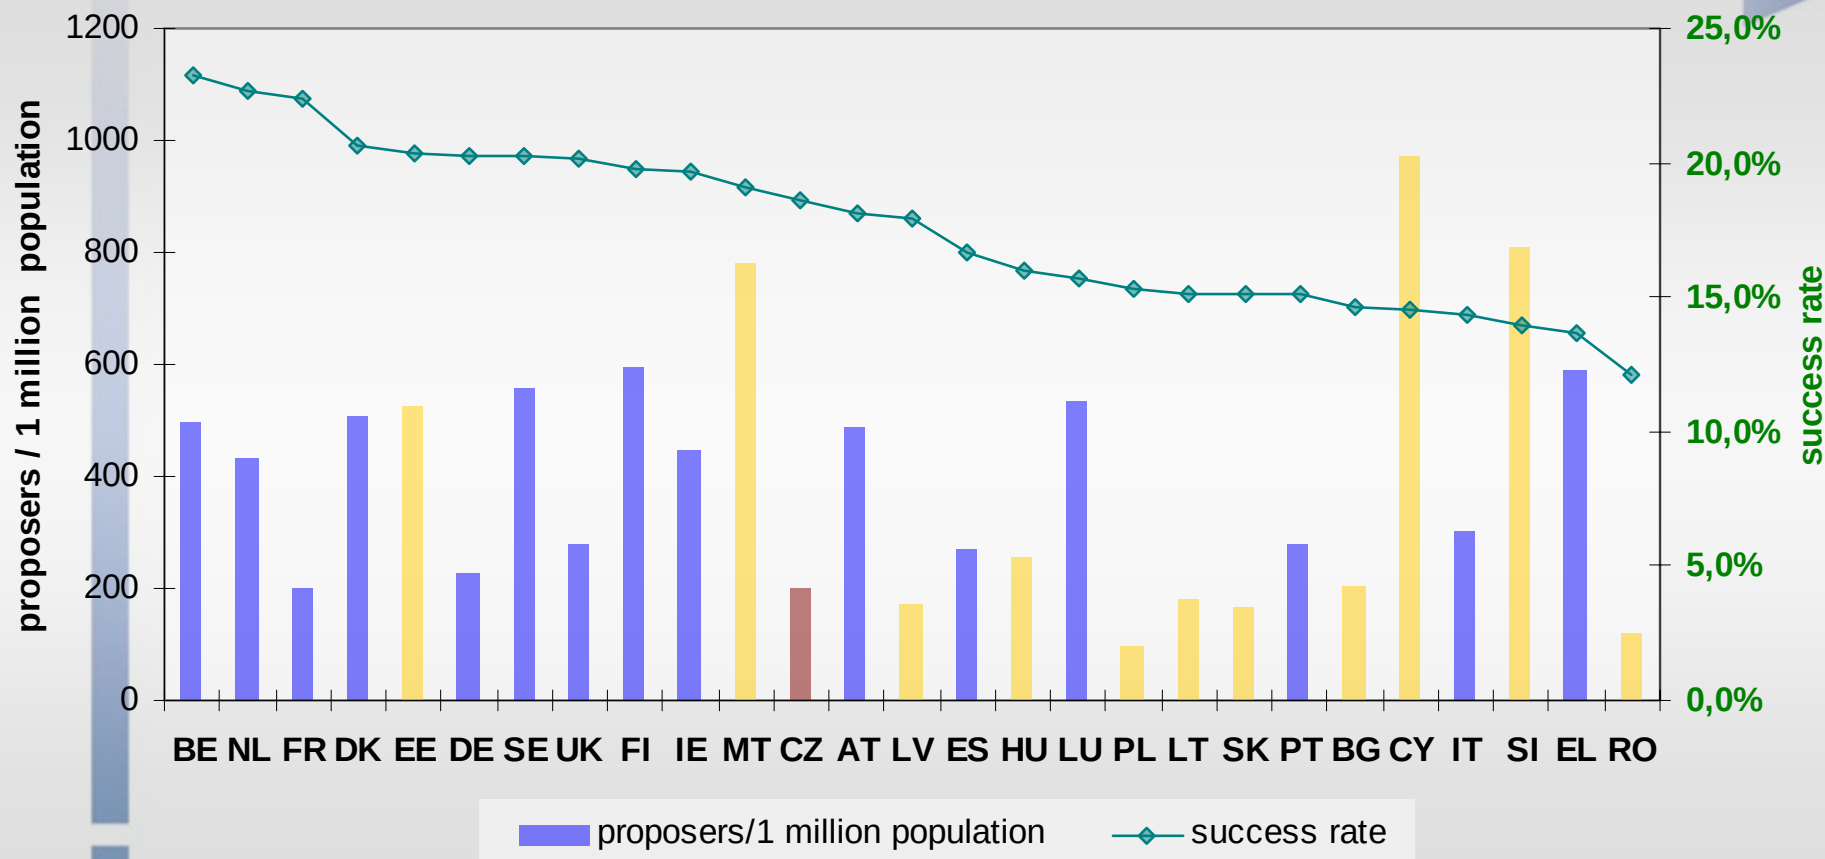

Basic FP7 statistics

- E-CORDA October 16 2008 (233MB!)
- 90 calls for proposals
- 29 498 project proposals submitted by
158 522 applicants
- 3947 project proposals on the main list
with requested contribution 8 122 M€

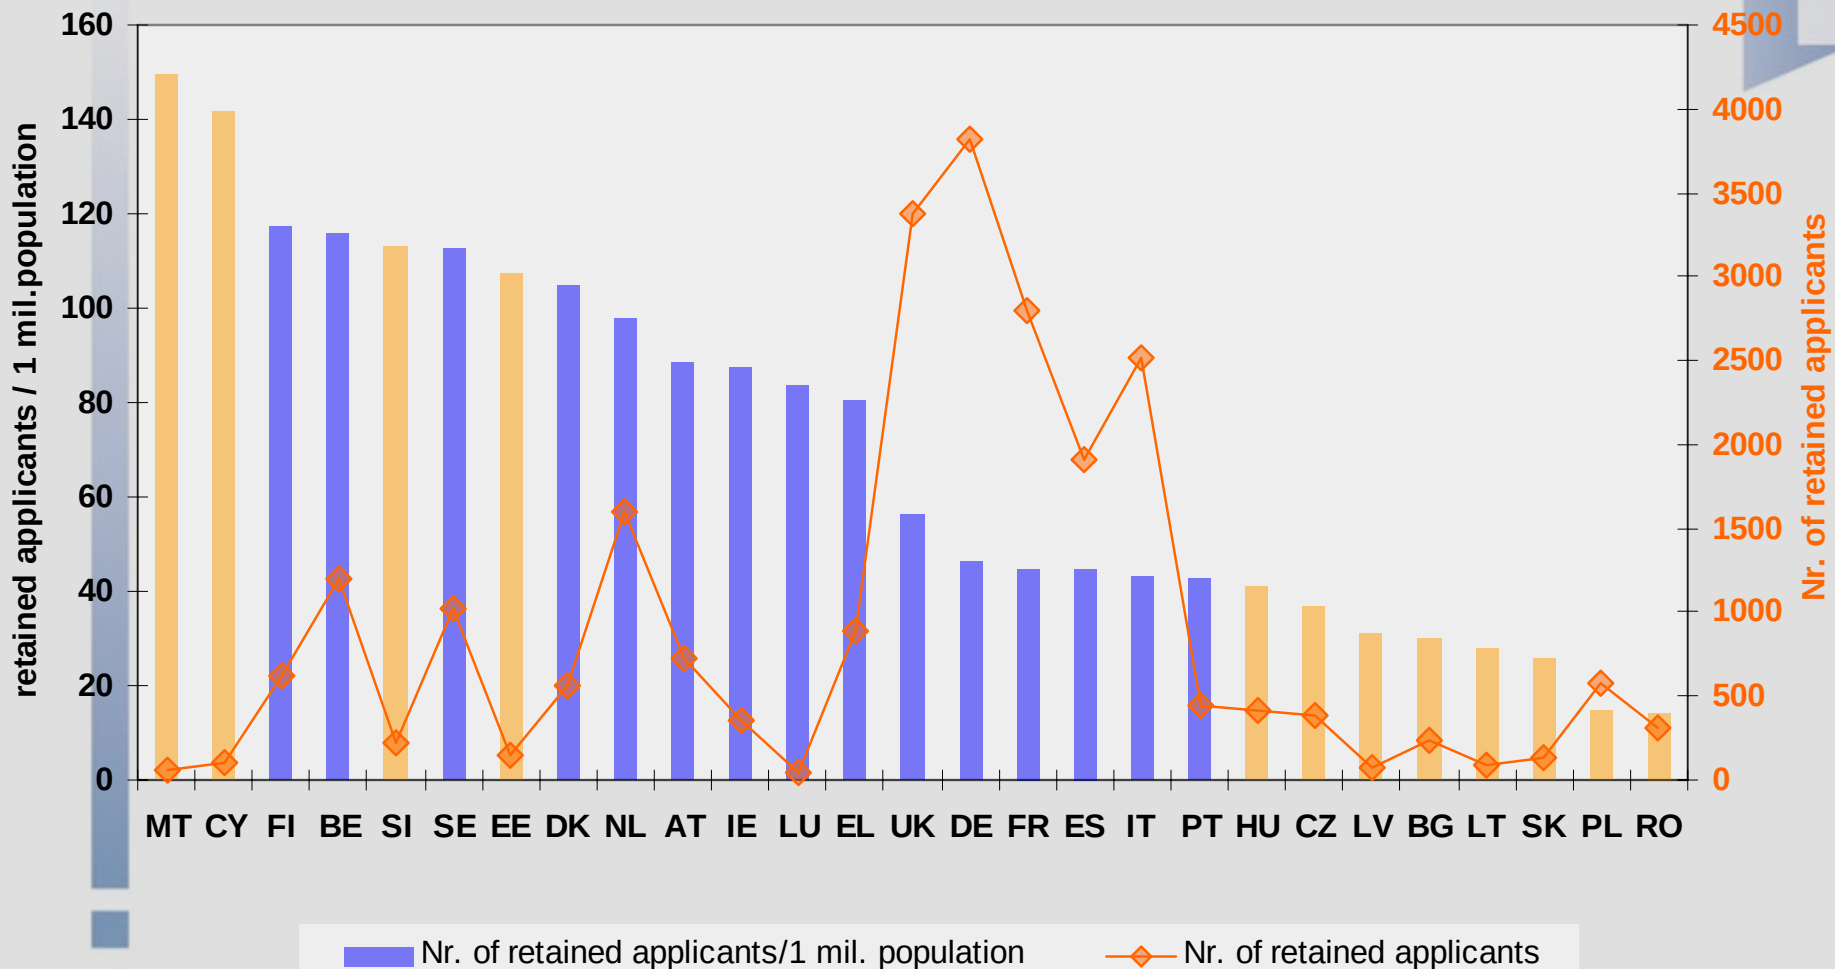

Basic FP7 CZ statistics

- 1641 project proposals with 2101 CZ teams submitted
- 302 project proposals with on 378 CZ teams retained for negotiation (142 proposals in reserve)
- Total budget: 615 M€
- Requested contribution by CZ teams (in successful projects – retained for negotiation): 65M€

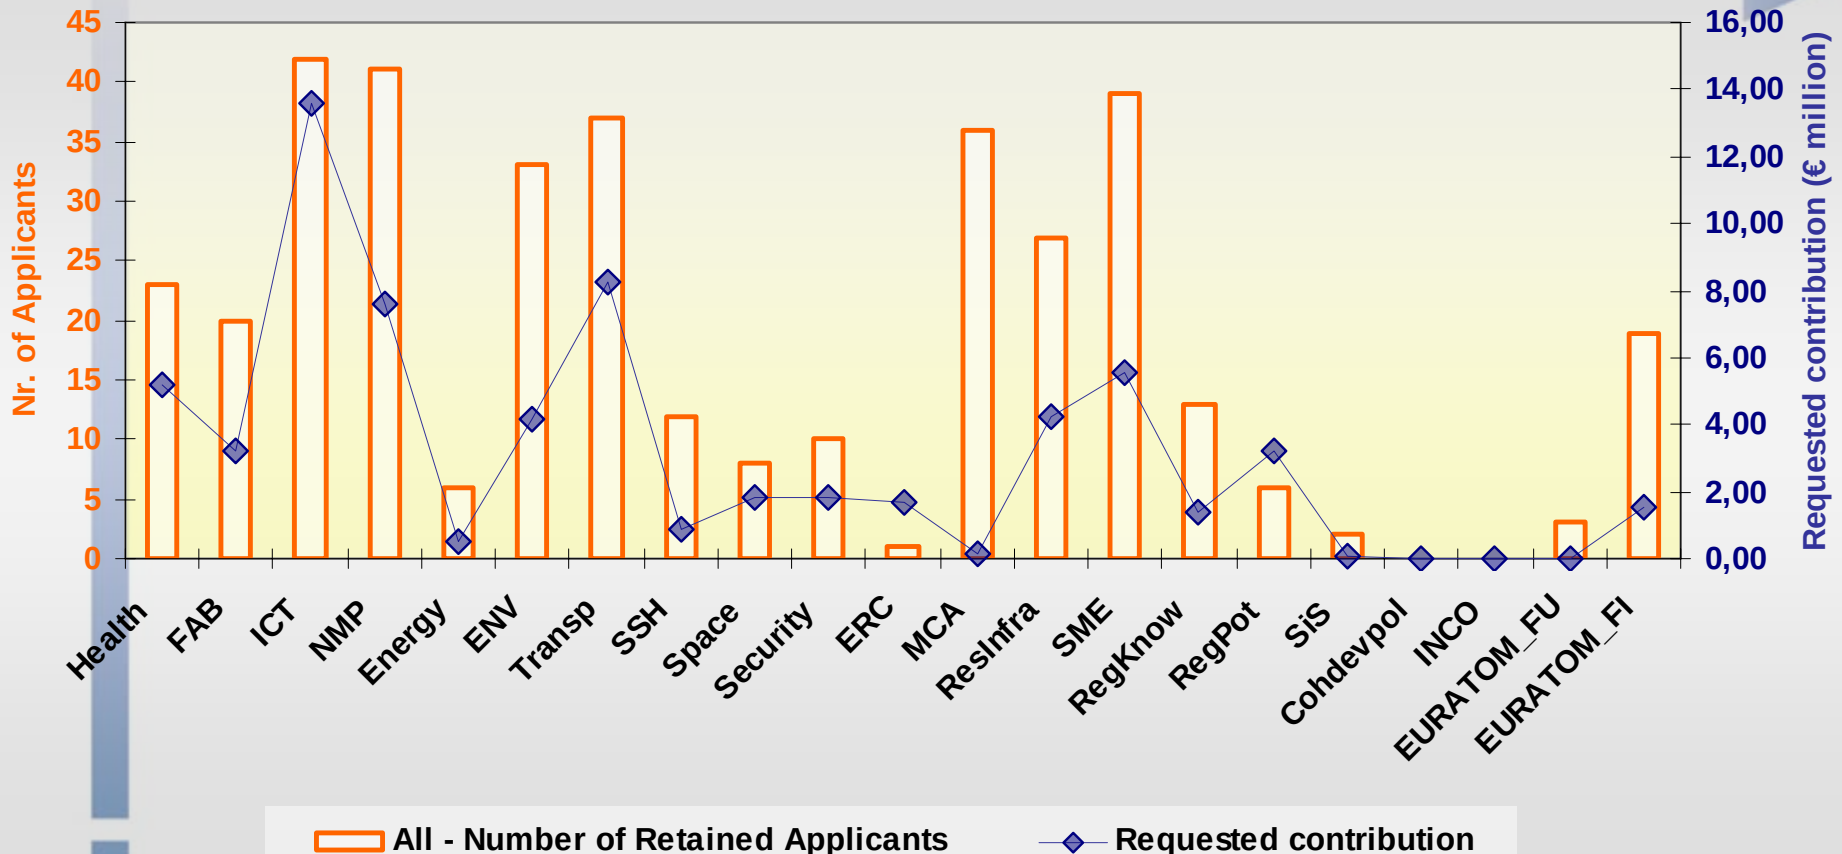

„Intensity of FP7 project preparation” and country success rate

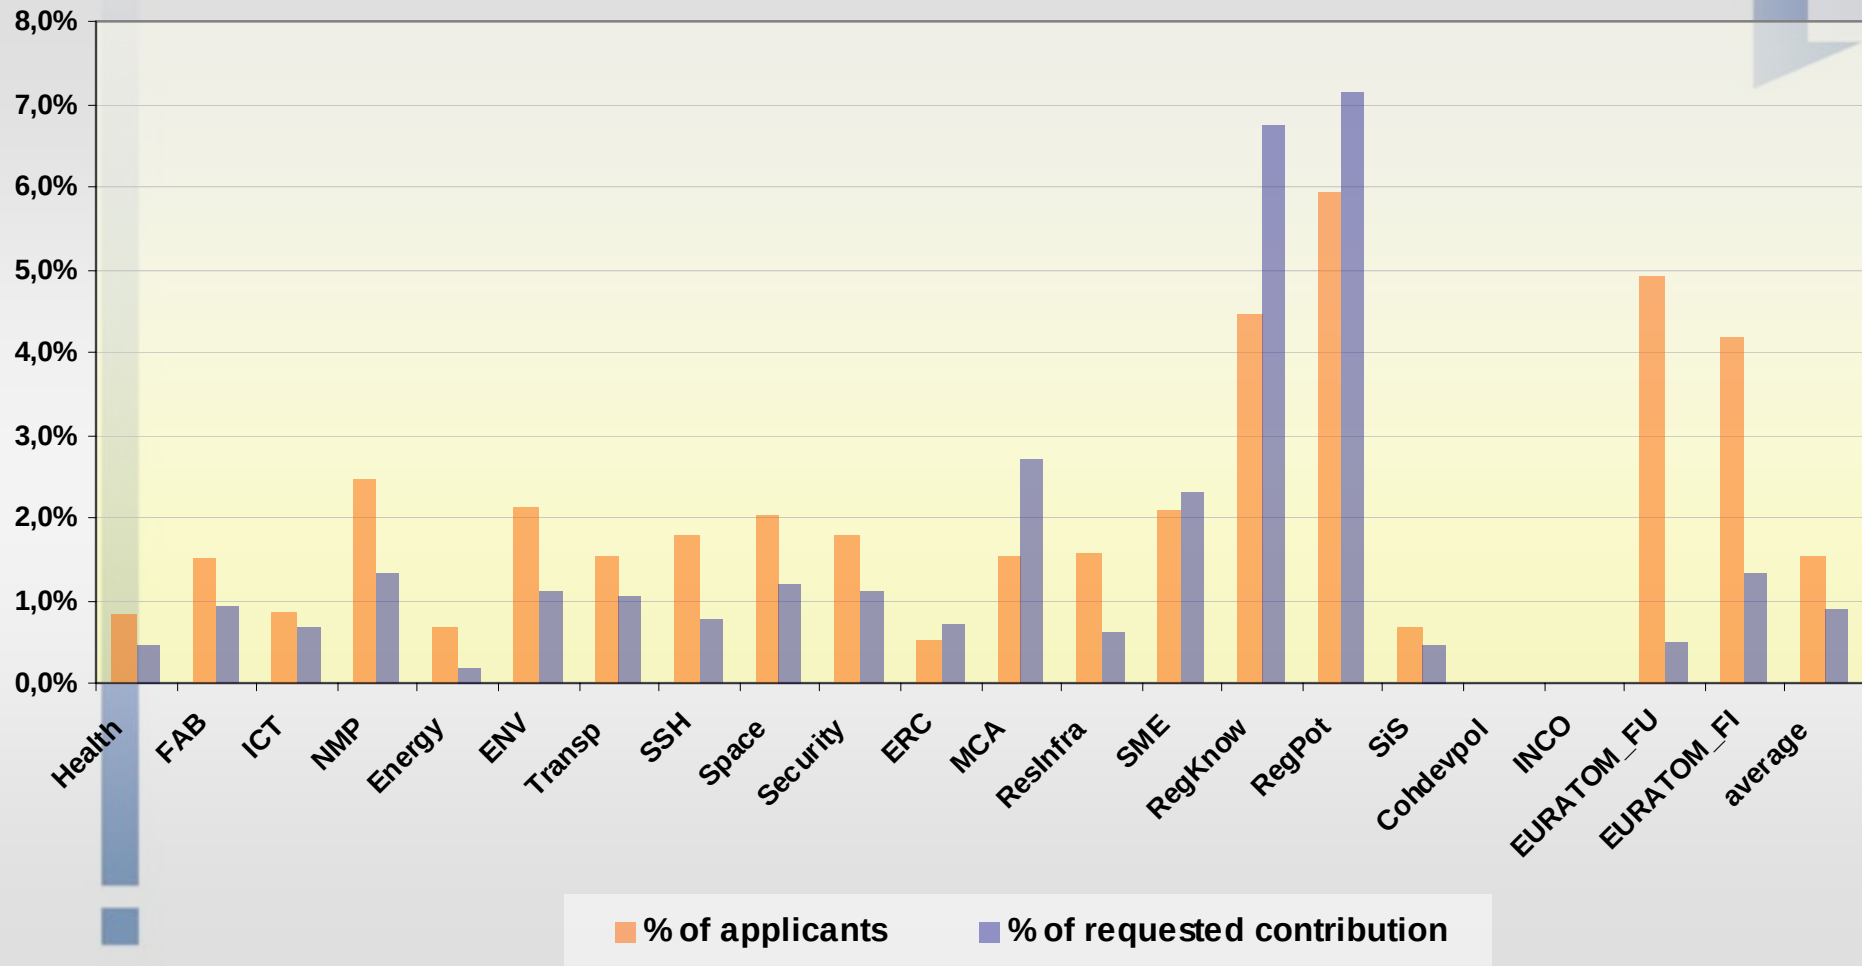

Nr. of retained applicants and their relative number per 1 mil. population

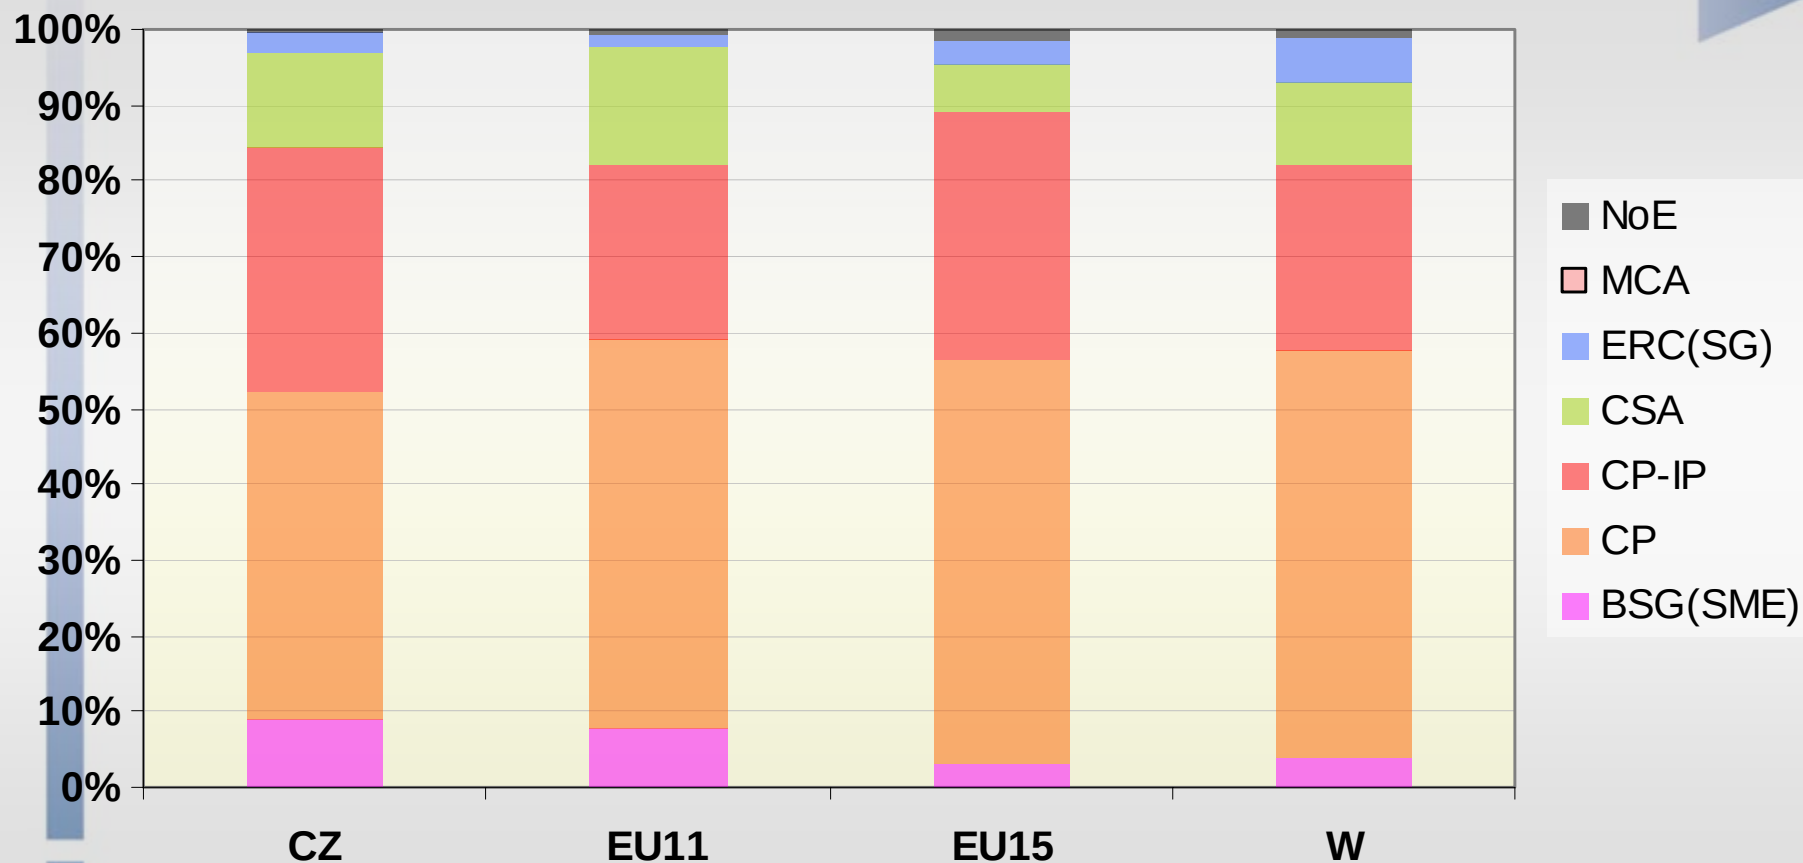

Nr. of retained CZ applicants and the total contribution they request from the EC

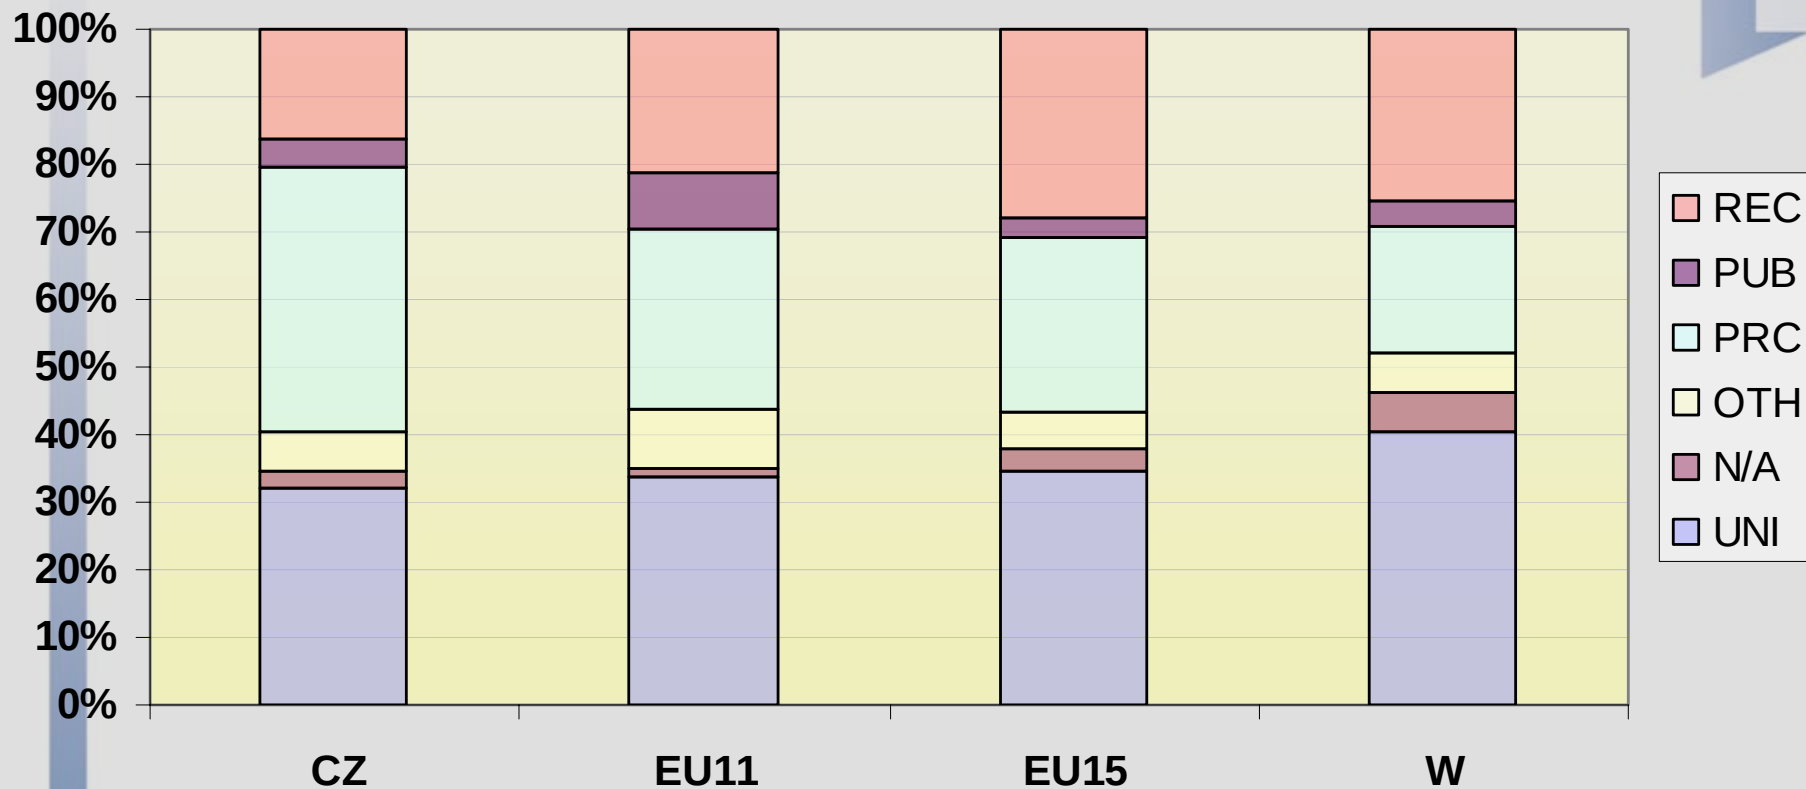

Relative ratio of CZ retained applicants and relative ratio of EC contribution requested by them (EU27 = 100%)

Distribution of „requested contribution” across project types

Comparison of „applicant profiles“ of the CZ, EU-11, EU-15, and „rest of the World“

Some conclusions

- Project preparation (submission): CZ behaves like the „big three“ (DE, UK, FR), i.e. differently than states with comparable population (AT, BE, SE, HU)
- Success rates: quite good
- Due to preparing only low number of project proposals CZ is ranked 21st position among EU-27 MS (participations/1 mil. population)
- Good participation in demanding Integrated projects
- Lower participation of universities...
